

# Downlight, LED, 230V, 480lm, IP44

Articlecode: 7070009

## Product Information

Downlight spot for flush mounting with already integrated driver.  
Connection box with quick-connect terminal block for 230V included.  
Effective for upgrading from existing halogen spotlights.  
Dimmable with rear-edge controlled transistor dimmer (RC).  
Environment friendly. Double insulated.

## Specifikations

Dimensions	ø75x27mm
Effect	5W
Voltage	230VAC
Hole for flush mounting	60mm
Outside depth flush mount	4mm
Installation depth	21 mm / Box: 23 mm
Brightness	460 cd
Light flow	480 lm
Angle of dispersion	50°
Colour temperature	3000K
Colour rendition	Ra80
Protection grade	IP21
Current	450mA
Weight	0,08kg
Energy efficiency class	F (2021)
